Subject: Tooling Transfer

Dear Charles,

This letter is to extend the appreciation of the procurement team to Plastic Molding Technology Inc. for the successful transfer of 28 molds and subsequent approvals. Your team made the commitment necessary to sample, quality inspect and support production for our assembly plant.

All of this was done with a sense of urgency and commitment to getting the job done on time. PMT also participated in a cost savings initiative to achieve company goals. As a result, PMT Inc. has been given the opportunity to grow the business with Electrolux as a long term partner.

Please pass this on to your team and thank you for the continued quality, service and delivery.

Very Truly Yours,
